

# APPOINTMENT IN JERUSALEM

*Pastor Steven L. Shelley · January 7, 2006*

I saw a vision like I've never really seen before. As I was standing there I saw some angelic... From a distance it looked like some heavenly beings of some sort but it was not very clear. And when I got closer to where they were, I was feeling such a Presence.

We were all worshiping God. I've seen a lot of things in the Spirit, but I have never seen this.

I recognized that what was standing just a few feet away from me in the Spirit was the same four Living Creatures that John had seen in the Spirit, and Daniel saw, describing them very similar. And they were not moving in a circular motion, they were moving almost in a square or a rectangular motion.

But in the way they were moving, going this way a little bit and turning, and coming back this way and moving like this, it looked more like a rectangular motion than a circular motion, as Ezekiel saw them in a wheel. I saw them in a long box or rectangular-looking thing.

And when they each sort of reached the middle of the distance that they were walking, they were just parallel with one another, so that at all

times there was one on the north, and one on the south, and one on the east and west.

There was never a time that there were two on this side and one up here at the top, and one over here. But every time they sort of traded positions.

And the Spirit of God was so real for a few moments that I really almost felt paralyzed. They never, for a little while as they were moving, there was such worship and praise going on around where we were. But they never stopped doing what they were doing for some time. And all of a sudden they came to a dead stop. And I thought, "They're going to speak to me." I started getting that bumping in my heart, chest, you know. Nervous. And I thought, "They're going to speak to me."

And for a few more seconds they never moved, they never looked my way. They just stood still, almost as though they were at attention.

And all of a sudden the one that was closest to me, that would have been on the south end of this rectangular little shape that they were walking in, kind of moving in, he spun around, all the way around. He was facing this way. And he spun to the right and looked at me. And I knew immediately what I was seeing, I was seeing that creature that is

represented with the face of an eagle. And that's why I read the Scripture that I read about those four living creatures, and the anointing that they represented.

How many of you remember that? How they also represent the writers of the Four Gospels. But they also represent an Anointing that was sent upon an age. And it wasn't the face of a man. That was the man-age. Or the calf or ox age, or the lion age. But it was the one that had the face of an eagle.

And he just stared. I felt myself swooning, getting weak in the knees and the legs. And I really thought I was going to fall down. But I was still standing. And he was the only one that spoke, and I want you to listen to what he said. And then you go home and pray about it and see what you think. But I don't believe it's outside of the Word. You can judge it.

The one with the face of an Eagle spoke to me and he said, "We," speaking on behalf of the others, "we have an appointment with you in Jerusalem." And then he was silent. We never quit looking at one another, but he was silent.

And then the next thing he said was, "The time draws near."

I don't know what this appointment could be, but I know what I heard. "We have an appointment with you in Jerusalem." So in God's time I know He'll reveal the appointment."
