

DUST CLOUD

Pastor Steven L. Shelley · July 25, 2000

But as I was sitting there, I saw in the Spirit a dust cloud gathering up. And I've seen them in Arizona, and you Westerners have seen those dust funnels. I don't know what you call them. But I've seen them rise up out of nowhere.

And I saw that dust cloud rise up. And it was so dusty and so full of dust, that dust funnel, not just a cloud, but it was swirling about, just like a cyclone, but so full of dust that it became so dark that I couldn't see. And I knew in the Spirit that I was to speak to that dust. And as I spoke to it, sitting there, I saw it... I wish I could generate it on the computer, how it looked when all that dust that was in that funnel that was so distributed by that wind, it just came to a clump and fell down to the ground, and rolled like a hard ball of mud. Just rolled when I spoke to it.

And what was so amazing to me was this. it looked like that there must have been two tons of dust in that cyclone. It was so black that it just blocked the light. You understand? But when I spoke to it, it came to a hard ball and fell on the ground and rolled a few times, and it was no bigger than my fist.

And I said, “You know, that makes me good and mad. Because the devil can take something that small and with a little bit of wind, he can pick it up and kick it around and distribute it around until it looks like Mount Everest. And all it is, is an ant hill. Is that right?”

The devil’s desire is to take the ant hill and make it look like Everest. Hallelujah. So the devil is exposed. And we’re speaking to that confusion. God’s people shouldn’t be confused. It’s too late in the day. We shouldn’t be confused. And we need the eyes of our understanding opened to discern what God’s doing.
