

NEW EYES TO SEE

Pastor Steven L. Shelley · October 25, 2005

I just saw a vision. And in that vision I saw an eye surgery taking place. But it wasn't gory. Evidently it was being done with a laser because I could see this little tiny penetrating light going over the eye. And I saw it tracing out a circle. And I saw something being removed. It appeared that the transplant of a lens was taking place, that a lens was being removed and another lens was being put in.

And I hear the Spirit of God saying, "I will give you new eyes. Some of you cannot continue with old eyes." You're going to have to let the Holy Ghost give you that eye transplant. He said, "I'll show you the Word like you've never seen it before. I'll take old dusty phrases that have passed you by and I shall give you great understanding, and the Revelation of that Word shall strengthen you. Because of it, you shall enter in and stand before My Throne, worship Me, give you new eyes to see. For too long you've been looking at things your way, and your way hasn't produced very much.

God said, "It's time to look through My eyes. It's time to look with My eyes and see."

The Lord said, “Sometimes I hear your conversation and I hear the things you say. And I grieve because I know that you’re not looking at them with My eyes, you’re looking at situations with your own eyes, and you call them like you see them.”

But God said, “I am ready. I am more than ready to give you My eyes, to let you see with the eyes of the Spirit, begin to describe what you see – not in the natural, but in the spiritual. All that that looks so bleak, so skinny and so meager, so frail in the natural, it’s nice and fat in the spiritual.”

God said, “You have seen those skinny cows, those lean years. And I’m getting ready to show you the fat cows. I’m getting ready to show you those years of harvest and abundance – fat cows instead of skinny cows.” Glory to God.
