

# THE APPLE OF GOD'S EYE

*Pastor Steven L. Shelley · July 17, 2006*

I had a vision this afternoon in my office. And right in my face I saw the biggest eye that I've ever seen. And it was all, I don't want to say scary, but that wouldn't be far from my first reaction. It startled me and I jerked. I jumped in my seat because I had just been meditating on the Lord. I'd had my eyes closed for a while, just worshiping the Lord, trying to prepare my heart for the meeting.

I knew soon people would be coming in, and I needed to have all my spiritual preparation out of the way. Had my eyes closed. All of a sudden I opened my eyes so this wasn't... This was an open-eyed vision. And right up in my face was this huge eye. And as quickly as I saw it, it vanished. But it was so clear that I could see right in.

And the sweetest part for me was that I saw myself in the eye. I saw my reflection in the eye. Did you know that's what the Bible means when it says, "You are the apple of My eye." That word "apple" speaks of a reflection.

And I asked the Lord, "What is this I'm seeing?" He said, "It's My eye." Hallelujah. God just wants you to know He sees everything. He knows what's going on in your life.
